Alltech Mycotoxin Management Portal

Mycotoxins hit profits hard!

Introduction

With Alltech's Mycotoxin Management Program, we can help you fight the threat of mycotoxins faster than ever before. We have developed a secure online tool that allows you to view the results of your Alltech 37+ and Alltech RAPIREAD mycotoxin contamination test, and we'd like you to benefit from it.

Developed for busy customers like you, our new online system will allow you to view detailed lab reports based on your results, 24/7.

Alltech 37+

Alltech 37+® test results provide a realistic picture of feed contaminants in feed ingredients, finished feeds, forages or TMRs to speed up the process of diagnosis, suggest effective remediation and help move toward an effective mycotoxin control plan. Between our labs in Lexington Kentucky and Dunboyne Ireland, we have run over 30,000 samples, each searching for over 50 mycotoxins in animal feed.

Alltech RAPIREAD

Alltech® RAPIREAD™ is the latest addition to our integrated system of tools that provide the ultimate protection from the threat of mycotoxins. The system highlights real-time mycotoxin contamination on farm or in the feed mill, providing you with online access to detailed results and analysis – all helping to maintain production efficiency, profitability and animal health.

**ANIMALS ARE YOUR BUSINESS.
PROTECTING THEM IS OURS.**

Alltech Mycotoxin Management Portal

Sign up:

- Click on **CLIENT LOG IN** button at www.knowmycotoxins.com
- Click on the drop-down in the top right of the page to select country and corresponding language
Click on the text **CUSTOMER SIGN UP** on the **USER LOG IN** panel
- Complete all the required fields*
- Sign to accept our Terms & Conditions
- Click on Green **SIGN UP** button
- Wait for verification email and follow instructions detailed within it.

Submission:

If you have not submitted a sample for an Alltech Mycotoxin test before, speak with your nutritional advisor, vet or local Alltech office who can provide assistance. For details of your nearest Alltech office please visit: www.Alltech.com

If you have submitted a sample previously, please contact your local Alltech representative to arrange to collect your latest sample for testing.

Logging in/ viewing results:

- Visit knowmycototoxins.com
- Click on **CLIENT LOG IN**
- Enter your Username and Password
- Locate the test results you are waiting on
- View either the Lab Results or the 37+ Mycotoxin Assessment Report by clicking on each.

Your Alltech contact will then be in touch with you to discuss the results and make any necessary recommendations required.

Please select the level of access you require using the **User Level drop-down tab. **Basic** access level is suitable for users who are linked with one account, whereas **Advanced** access level are for those who are to be linked to more than one account e.g. nutritionists or quality control managers.*

You can choose which mycotoxin test you require using the **Type drop-down tab. For Alltech RAPIREAD, make sure you select the **Both 37+ Test & Rapid Test** option.*
