

Updates to Alltech 37+[®] test submissions for customers

New updates have been implemented on the Mycotoxin Management Portal to allow customers submit their own Alltech 37+ tests and obtain a submission ID*.

Submitting an Alltech 37+ test request as a customer

1. Log in to your Mycotoxin Management Portal Account. If you do not have a portal account, will need to register for this at this [link](#) on the knowmycotoxins.com site.
2. Click the Alltech 37+ tab on the orange ribbon at the top of the page.
3. Then click Request a Test

4. Fill out the Test Request Submission Form completely.
 - a. The Sample Submission ID box will be auto filled once appropriate information is inputted.
5. Click Submit.
6. You will be directed to a new page where you can include further emails of people that need to be included on the results.
7. Download the PDF test_request_submission and follow the instructions for shipping on the PDF.
 - a. Ensure your Sample Submission ID is written on the sample bag and the PDF is included in the box.

***Currently only available to customers based in the USA.**
